1 INTRODUCTION

This document outlines the Program Rules governing the Aboriginal and Torres Strait Islander Pharmacy Scholarship Scheme (ATSIPSS). This document must be read in conjunction with the *Pharmacy Programs Administrator General Terms and Conditions* (General Terms). Definitions in the General Terms apply in these Program Rules.

The Aboriginal and Torres Strait Islander Pharmacy Scholarship Scheme is an initiative of the Aboriginal and Torres Strait Islander Rural Workforce Program. The Program is designed to strengthen and support the Aboriginal and Torres Strait Islander pharmacy workforce, which in turn will provide improved, culturally appropriate pharmacy services for Aboriginal and Torres Strait Islander Patients.

The ATSIPSS is one of the Aboriginal and Torres Strait Islander specific Programs funded under the Seventh Community Pharmacy Agreement (7CPA) to support Quality Use of Medicines services that are designed to reduce adverse events and associated hospital admissions or medical presentations.

- If your **parents are separated or divorced**, it is the address of the parent with whom you would have normally lived for the most time in months in each calendar year.
- Where Applicants have more than one principal home address during a year, the location where the Applicant resides for most of the time will be taken as the principal home address.

3 BACKGROUND

The aim of the ATSIPSS is to encourage Aboriginal and Torres Strait Islander students to undertake undergraduate or graduate entry studies in pharmacy at an Australian university.

Scholarships have a value of \$15,000 per year per student for the duration of undergraduate or graduate study, with a maximum amount of \$60,000 per student over a four-year period.

At least three Aboriginal and Torres Strait Islander Pharmacy Scholarships are awarded per year, subject to the available Program budget.

These Program Rules are to assist:

- Applicants in completing the Application Form by providing explanatory information on each question
- Conditional Scholarship Holders and Scholarship Holders by outlining arrangements for ongoing participation in the Scheme.

Applicants should take time to read the Program Rules before attempting to complete the application form.

Key terms used in the eligibility and ranking criteria are described in the Definitions.

4 PARTICIPATION REQUIREMENTS

4.1 Student Eligibility

In order to receive a scholarship, Applicants must meet the following Eligibility Criteria.

The Applicant must:

- Be an Australian citizen or permanent resident
- Be of Aboriginal and/or Torres Strait Islander descent
- Be enrolled, or about to be enrolled, as a full-time student in a pharmacy undergraduate or graduate degree at an Australian university that leads to a registrable qualification as a Pharmacist. Scholarships are available to students in any year of their undergraduate or graduate degree
- Be a member of the university's student Rural Health Club or an affiliated Rural Health Club. Applicants who are not a member of a student Rural Health Club must indicate their intention to join a Rural Health Club, and must provide proof of membership before receiving any scholarship payments. If the university campus at which the Applicant is enrolled does not have a Rural Health Club, the Applicant must be a member of, or have indicated their intention to join, their nearest affiliated Rural Health Club
- Preferably be from a rural or remote location. Although not a mandatory criterion, scholarships will be offered preferentially to Aboriginal and Torres Strait Islander students who currently live, or have lived, in a rural or remote community.

4.2 Course Eligibility

Scholarships are available to full-time students enrolled in or applying for entry to an undergraduate or graduate pharmacy degree at an Australian university. The degree must lead immediately to registration as a Pharmacist.

5 APPLICATION PROCESS

Scholarships are advertised on an annual basis. The Scholarship Annual Round opens from November until late January each year. Scholarship Annual Round dates will be advertised on the Pharmacy Programs Administrator [website](#).

Applicants can apply online. Applicants must submit an official electronic Application Form in order to be considered for a scholarship. Incomplete applications will not be assessed.

Applications received will be assessed according to the Eligibility Criteria and then ranked (see Ranking section below). Conditional Scholarship offers will be made to the highest ranked applicants.

If any scholarships remain, the Scholarship Annual Round will remain open and applications can be submitted at any time throughout the year. Please check the Pharmacy Programs Administrator website for details on the progress of the allocation of scholarships.

Any unsuccessful Applicant for the scholarship is entitled to reapply for the scholarship the following year and will be assessed against the criteria that are in effect on the date the re-application is received by the Pharmacy Programs Administrator.

ABORIGINAL AND TORRES STRAIT ISLANDER PHARMACY SCHOLARSHIP SCHEME -

Scholarship Applicants must not currently be in receipt of a Rural Pharmacy Scholarship at the time of application.

Ranking

In order to select scholarship candidates, all eligible Applicants will be ranked according to their rural experience. Conditional Scholarships will be offered to the highest ranked Applicants first.

As part of the application form, students will be required to provide supporting information (e.g. birth certificate, evidence of Aboriginal or Torres Strait Islander descent).

Awardees of Conditional Scholarships will be requested to provide confirmation of enrolment in their university degree and a declaration that all supporting evidence provided in the application was correct. Documentation will be verified, and scholarships will be confirmed by email.

Discrepancies between certified supporting documentation and the information contained in the Application Form, or failure to provide supporting documentation by the due date specified in the Conditional Scholarship offer email, may result in the offer of a Conditional Scholarship being withdrawn.

If an Applicant declines a Conditional Scholarship, their place may be awarded to the next highest ranked Applicant.

Where two or more eligible Applicants receive an equal ranking, interviews may be held to determine the most suitable candidate.

Rural experience

Rural experience will be assessed using the Applicant's principal home address. The maximum number of years contributing to the rural experience criterion is 12 years. The assessment of rural experience for each Applicant will commence from five years of age.

Students who attended boarding school will not be disadvantaged. See the definition of principal home address in the Definitions.

Students who attended primary school in a rural location will also be asked to provide these details in their application as they may be used to help assess rural experience.

6 APPEALS PROCESS

Applicants who were not awarded a scholarship and believe their particular situation has not been addressed adequately, may lodge an appeal. In order to have their appeal considered, Applicants should submit an appeal statement to the Pharmacy Programs Administrator within 21 days of the date of the email advising them that their application was unsuccessful.

The Eligibility Criteria for the scholarship relate to rural experience. Therefore, grounds for appeal must be based on this Eligibility Criterion and the statement should set out clearly the grounds on which the appeal is based. Each appeal will be assessed, any extenuating circumstances and/or specific situations will be considered, and the appellants' rankings will be reassessed against other Applicants. The results will determine which Applicants, if any, are successful in obtaining a scholarship.

7 PAYMENT

Scholarships have a value of \$15,000 per annum per student for the duration of undergraduate or graduate study. Undergraduate study may be funded for up to four years with a maximum scholarship value of \$60,000 per undergraduate student. Graduate study may be funded for up to two years with a maximum scholarship value of \$30,000 per graduate student.

Under the Scheme, any study at honours level beyond the length of the undergraduate course will not be covered by the scholarship.

Payments will be made by the Pharmacy Programs Administrator in monthly instalments of \$1,500 for 10 months of the calendar year via direct Electronic Funds Transfer (EFT).

Scholarship payments for the year only commence once all required Beginning of Year documents are received and ongoing eligibility is confirmed. Similarly, the final monthly instalment each year will only be paid once all required End of Year documents are received (see Part C for all Beginning and End of Year requirements).

7.1 Tax

Scholarships are exempt from income tax under the *Income Tax Assessment Act 1997*. Group Certificates/PAYG Payment Summaries will not be issued.

7.2 Centrelink Benefits

Students applying for, or in receipt of, Australian Government benefits through Centrelink, such as Youth Allowance or AUSTUDY, should seek advice from Centrelink on how the receipt of a scholarship will impact on their Centrelink benefits.

7.3 Repayment of Funds

If the scholarship holder ceases to fulfil the requirements set out in these Program Rules or the terms of the scholarship, and fails to inform the Pharmacy Programs Administrator, they will be required to repay funds received from the time they ceased to be eligible.

It is in the scholarship holder's best interest to notify the Pharmacy Programs Administrator if they cease to fulfil the Program Rules or the terms of the scholarship.

8 ONGOING ELIGIBILITY

8.1 Scholarship Holder Responsibilities

The responsibilities of the scholarship holder are to:

- Agree each academic year to participate in the Mentor Scheme for the duration of the scholarship
- Develop a realistic and meaningful Learning Plan with the nominated mentor at the beginning of each academic year of the scholarship
- Maintain quarterly communications with the nominated mentor to discuss elements identified in the Learning Plan
- Undertake rural activities throughout each academic year

ABORIGINAL AND TORRES STRAIT ISLANDER PHARMACY SCHOLARSHIP SCHEME -

- Maintain membership of a Rural Health Club
- Meet scholarship reporting requirements.

Scholarships will be paid to full-time students only. Scholarship recipients are required to advise the Pharmacy Programs Administrator in writing of any change in enrolment status.

8.2 Annual Requirements

It is important to note there are a number of requirements that must be met by all scholarship holders on an annual basis in order to maintain ongoing eligibility. These are split into Beginning of Year and End of Year reporting requirements. See Part C for full details on these requirements.

Scholarship payments for the year will not commence until all the required documents are received and ongoing eligibility is confirmed.

Scholarship holders and mentors may also be required to participate in annual surveys or longitudinal studies.

All forms and documents must be submitted electronically via the Pharmacy Programs Administrator [Portal](#).

8.3 Deferral

Scholarship holders who defer their studies and who are granted a deferral by the university may defer their scholarship for one academic year only, The Pharmacy Programs Administrator must be informed of any deferrals and provided with evidence of approval of deferral from the university.

Scholarships may not be deferred in the year they are offered. If the student requesting deferral holds a Conditional Scholarship, the Conditional Scholarship will be withdrawn and may be awarded to the next highest ranked Applicant. If the scholar holds a full scholarship, the scholarship will be withdrawn.

8.4 Withdrawal

Scholarship holders who withdraw from their course will forgo their scholarship. There will be no requirement to return any scholarship funds paid prior to the date of withdrawal.

8.5 Failure

Scholarship holders who fail to meet the academic requirements of the course and are permitted by the university to continue their studies will have their scholarship suspended until such time that they provide evidence that they have met the academic requirements.

Scholarship holders who fail to meet the academic requirements of the course and are excluded from further study will have their scholarship cancelled.

9 RURAL PHARMACY SCHOLARSHIP MENTOR SCHEME

Scholarship holders will be required to participate in the Rural Pharmacy Scholarship Mentor Scheme. Scholarship holders must nominate a rural Pharmacist of their choice to work with as a mentor. Continuing eligibility will be dependent on a report from the mentor indicating satisfactory

ABORIGINAL AND TORRES STRAIT ISLANDER PHARMACY SCHOLARSHIP SCHEME -

participation in rural activities. Inadequate participation may lead to suspension or forfeit of a scholarship.

A mentor must be a practising Pharmacist who is working within an Australian rural location. The mentor will be eligible to receive an honorarium of \$375 (GST exclusive) per student mentored for each year of participation. The amount will be paid directly to the mentor within 30 days of receipt of a completed Mentor Report. Mentors must register and submit the Mentor Report via the Pharmacy Programs Administrator [Portal](#).

Scholarship holders are required to develop a Learning Plan with their mentor, have ongoing contact on at least a quarterly basis, and undertake appropriate rural activities. Further details on the Rural Pharmacy Scholarship Mentor Scheme are available on the [Pharmacy Programs Administrator website](#).

9.1 Selecting a Mentor

A Mentor must be a practising Pharmacist who is working within a MM Category 3 to 7 location. The MM Category for a particular location can be viewed on the Australian Government's Health Workforce Locator website: <https://www.health.gov.au/resources/apps-and-tools/health-workforce-locator/health-workforce-locator>.

It is suggested that scholarship holders nominate a Pharmacy mentor from their home district. Scholarship holders who already have a mentoring relationship with a local Pharmacist with whom they undertake rural placements may nominate that Pharmacist as their rural Pharmacy mentor.

Further details on mentor eligibility can be found in the *Rural Pharmacy Scholarship Mentor Scheme Program Rules* available at [Pharmacy Programs Administrator website](#).

9.2 Mentor Support

Mentor support includes at least quarterly contact instigated by the scholarship holder. The method, including timing and duration of contact (e.g. email, telephone and face-to-face session) between the scholarship holder and the mentor, is to be negotiated between both parties. Ideally, scholarship holders should endeavour to conduct at least one face-to-face meeting with their mentor each academic year. It is recognised that there may be circumstances where distance may preclude face-to-face contact.

If either the scholarship holder or the mentor believes that the mentoring relationship is not proving to be effective and satisfying, they can contact the Support Centre to discuss the issue.

9.3 Changing Mentors

Scholarship holders:

- Should inform the Support Centre of any changes in their mentoring arrangement
- Are responsible for providing a new mentor's contact details
- Should nominate a new mentor within 14 days of informing the Support Centre of their decision to change mentors
- Are responsible for informing their old mentor of any new arrangements established.

10 IMPORTANT INFORMATION

The Pharmacy Programs Administrator may provide the Australian Government with information about the Scheme, the use of funds under this Scheme, assessment and allocation of scholarships and on any issues that may arise in relation to a particular circumstance or scholarship.

The Program Rules that govern all the Aboriginal and Torres Strait Islander Pharmacy Programs undergo a continuous quality improvement process, which may result in revisions to the Rules from time to time. All revisions will be undertaken in conjunction with the Department of Health and may involve a consultation process.

11 AUDIT AND COMPLAINEE REQUIREMENTS

Program applicants must retain full and true records in relation to the receipt and use of the allowance for not less than seven years after receipt of the allowance. Such records must be kept in a manner that permits them to be conveniently and properly audited. Program applicants may be subject to audits by the Australian Government Department of Health (or its representative) to ensure that the allowance is paid and used in accordance with the General Terms and these Program Rules, and must provide all and any records requested as part of such audit(s).

Program applicants that wrongfully or incorrectly receive support and/or do not meet the requirements set out in the General Terms and these Program Rules may be subject to compliance action (as determined by the Australian Government Department of Health or Pharmacy Programs Administrator) and repayment may be required. Under section 137.1 of the Criminal Code, giving false and misleading information is a serious offence. If an audit/compliance action is to be conducted, Program applicants will be required to produce documentation within a specified time frame.

PART B: SCHOLARSHIP APPLICATION FORM

ATSIPSS Applications open for submission on an annual basis between approximately November and January. The Pharmacy Programs Administrator will advertise when the annual round opens on the [Pharmacy Programs Administrator website](#).

The Applicant must submit an official electronic Application Form via the [Pharmacy Programs Administrator website](#) in order to be considered for a scholarship.

If any scholarships remain, the annual round will remain open and applications can be submitted at any time throughout the year.
