1 INTRODUCTION

This document contains the guidelines for Approved Providers participating in the Take Home Naloxone (THN) Pilot.

2 BACKGROUND

Naloxone is a drug that reverses the effects of an opioid overdose. It can be injected or delivered through a nasal spray. In the THN Pilot, naloxone is available free to people who are at risk of, or who may witness, an opioid overdose. No prescription is required. Funded by the Australian Government, the Pilot commenced on 1 December 2019 in New South Wales, South Australia and Western Australia. The Pilot will run until 30 June 2022 in these three states.

The data collected from 1 December 2019 to 30 June 2021 is being used by the Institute for Social Science Research, University of Queensland to evaluate the Pilot.

3 PARTICIPATION

Each participating state (New South Wales, South Australia and Western Australia) will identify where naloxone will be available as part of the Pilot. Approved Providers under the Pilot are community pharmacies, hospital-based pharmacies and approved medical practitioners, who will be reimbursed for supplying naloxone under the Pilot by the PPA.

TAKE HOME NALOXONE PILOT

Organisations such as alcohol and other drug treatment services, injecting centres, and homelessness/outreach services can also become a Provider by first becoming an **Authorised Alternative Supplier**. Information about registering to become an Authorised Alternative Supplier can be found [here](#).

3.1 Community (s90) pharmacies, hospital (s94) pharmacies and approved (s92) medical practitioners

To be eligible to participate in the THN Pilot, and supply naloxone under the Pilot, Approved Providers must:

- Be approved under sections 90, 92 or 94 of the *National Health Act 1953*
- Register for the THN Pilot via the Pharmacy Programs Administrator (PPA) [Portal](#)
- Confirm that they are registered for GST
- Agree that the pharmacy/practice trading name and location may be listed on the Department of Health's Pilot website and/or provided to participating state health departments for communications relating to the Pilot
- Agree to provide services in accordance with these THN Pilot Guidelines, including the collection of required **supply claim** data.

Pharmacies and approved medical practitioners are required to source naloxone through their usual supply channel (e.g. pharmaceutical wholesaler). Once naloxone has been supplied free of charge to an individual under the THN Pilot, a claim for payment can be made via the PPA Portal. Claiming processes for naloxone dispensed over the counter, or on PBS or private script do not change.

3.2 Authorised Alternative Suppliers

To be eligible to participate in the THN Pilot, and supply naloxone under the Pilot, an Approved Alternative Supplier must:

- Be approved by the relevant state health authority to provide naloxone under the THN Pilot Program
- Agree to provide services in accordance with these THN Pilot Guidelines, including the collection of required **supply claim** data.

Some AASs will also be required to register for the THN Pilot via the PPA [Portal](#) and provide supply claims data directly to the PPA. These AASs are:

- AASs in New South Wales (this includes both Government and Non-Government Organisations)
- Certain AASs in South Australia.

AASs are required to source naloxone through a variety of mechanisms, depending on their location and should discuss these arrangements with their relevant state health authority. Information on who to contact can be found [here](#).

TAKE HOME NALOXONE PILOT

3.3 Wholesalers

To be eligible to participate in the THN Pilot, and receive payments for naloxone supplied under the Pilot, the wholesaler must:

- Have an arrangement in place with the Commonwealth Government to supply naloxone to AASs under the THN Pilot Program.
- Register for the THN Pilot via the Pharmacy Programs Administrator [Portal](#)
- Confirm that it is registered for GST
- Agree to provide services in accordance with these THN Pilot Guidelines, including the collection of required bulk supply data.
 - Note: where costs are incurred associated with distribution from a wholesaler the arrangement and payment of these costs are the responsibility of the relevant state entering into the arrangement.

3.4 Western Australia Mental Health Commission (WA MHC)

The WA MHC has an agreement with the Commonwealth Government to supply naloxone to AASs under the THN Pilot Program and has agreed to provide services in accordance with these THN Pilot Guidelines, including the collection of required bulk supply data.

3.5 Individuals receiving naloxone

Anyone in NSW, SA or WA is able to access free naloxone under the Pilot.

Specifically, the Pilot aims to make naloxone free and easily available for:

- People who are at risk of an overdose, which includes illicit drug users and people who use prescription opioid medications
- Carers, friends, family and community.

4 DATA SUBMISSION

All Providers under the THN Pilot are required to submit data, in most instances to the PPA.

The data collected is used to:

- Enable the PPA to make payment (where applicable)
- Allow the Commonwealth Government and the relevant State Health Departments to track the supply of naloxone under the Pilot.

Data collected can relate to supplies of both naloxone to individuals (known as individual supply claims), as well as the supply of bulk quantities of naloxone to AASs (known as bulk supply claims).

Prior to 1 July 2021, valuation data related to the supply of naloxone to individuals was collected on behalf of the Institute for Social Science Research, University of Queensland, who are completing the evaluation of the THN Pilot.

From 1 July 2021, the evaluation data component was removed from the individual supply claim form on the PPA Portal.

TAKE HOME NALOXONE PILOT

The data your organisation must collect depends on the type of supply (individual or bulk) and your location. The requirements for the submission of eligible claims are shown at:

- **Appendix A – Individual supply claims**, relevant for:
 - Community (s90) pharmacies
 - Public and Private Hospital (s94) pharmacies
 - Approved medical practitioners (s92)
 - AAS.
- **Appendix B - Bulk supply claims**, relevant for:
 - Wholesalers and WA MHC
 - Some public (s94) hospital pharmacies in NSW
 - Some (s94) hospital pharmacies in SA.

5 FEES

The following tables contain the fees (including dispensing fee, where applicable) that are payable to each applicable Approved Provider by the PPA, for eligible claims made in relation to the supply of naloxone under the THN Pilot from 1 July 2021. GST will be added to all supplies.

The fees payable for supplies between 1 December 2019 and 30 June 2021 are available at Appendix C.

Alternative Approved Suppliers do not receive fees for supplying naloxone.

Table 5-1: Naloxone supply fees: Community (S90) Pharmacies

Individual Supply (ex GST)	Product
\$49.02	Nyxoid (naloxone 1.8 mg/actuation nasal spray, 2x1 actuation)
\$36.05	Prenoxad (naloxone hydrochloride 1 mg/mL injection, 2 mL syringe)
\$39.25	Naloxone Juno (naloxone hydrochloride 400 microgram/mL injection, 5x1 mL ampoules)
\$39.25	Naloxone Hydrochloride (DBL) (naloxone hydrochloride 400 microgram/mL injection, 5 x 1 mL ampoules)
\$39.25	Junalox (naloxone hydrochloride 400 microgram/mL injection, 5x1 mL ampoules)

\$25.27	Naloxone Juno (naloxone hydrochloride 400 microgram/mL injection, 5x1 mL ampoules)
\$25.27	Naloxone Hydrochloride (DBL) (naloxone hydrochloride 400 microgram/mL injection, 5 x 1 mL ampoules)
\$25.27	Junalox (naloxone hydrochloride 400 microgram/mL injection, 5x1 mL ampoules)

6 FUNDING AVAILABILITY

The Australian Government have invested \$3.9 million to extend the Pilot for an additional year until 30 June 2022.

7 REGISTRATION

To become a Provider in the THN Pilot, pharmacies, approved medical practitioners and some AAS (those allowed to supply naloxone in SA and in NSW) must register via the PPA [Portal](#).

Registration will not be complete until the Provider receives email notification from the PPA confirming that registration has been successful.

8 AUDIT REQUIREMENTS

By participating in the program, organisations recognise that providing false or misleading information is a serious offence and auditing of claims made under the Program may occur. Your

TAKE HOME NALOXONE PILOT

organisation should therefore appropriately maintain all records (such as invoices and other supporting documents) related to the THN Pilot for seven (7) years.

9 REVIEW OF DECISIONS

If you have any questions or do not agree with a decision made by the PPA in administering your claim for payment, please contact us at support@ppaonline.com.au or on 1800 951 285. We'll check the decision, explain why we made the decision and ensure there aren't any errors. We aim to resolve matters quickly in line with the program rules set out in these guidelines. A discussion explaining a decision is not a formal review.

Formal review

If you still disagree with the outcome, you can ask for a review of the decision. The review will be undertaken by the Department of Health, not the PPA, in accordance with the requirements set out in the *National Health (Take Home Naloxone Pilot) Special Arrangement 2019*. An application for review must be in writing to the Secretary of the Department of Health and importantly, in most circumstances the request for review must be made within 28 days after the decision came to your notice unless a longer period of time is allowed for by the Department of Health.

You can submit your formal request for a review by mail (GPO Box 9848, Canberra ACT 2601, Australia) or by email to s100programs@health.gov.au.

APPENDIX A DATA COLLECTION FOR THE SUPPLY OF NALOXONE TO INDIVIDUALS

The following table indicates which organisations should collect the individual supply data outlined in Appendix A and confirms the method by which this data should be captured and reported.

Organisation	Data capture method	Submit data to:
Community (s90) pharmacies	PPA Portal	PPA
Public and Private Hospital (s94) pharmacies	PPA Portal	PPA
Approved (s92) Medical Practitioners	PPA Portal	PPA
Certain AASs in SA	PPA Portal	PPA
AASs in WA	Data capture spreadsheet	WA MHC
AASs in NSW	PPA Portal	PPA

CONTACT THE SUPPORT CENTRE: 1800 951 285 | support@ppaonline.com.au

TAKE HOME NALOXONE PILOT

The required data set for each supply is:

- Date of naloxone supply
- Formulations and quantities of naloxone supplied (maximum of two)
- Staff designation (e.g. Pharmacist, Social Worker)

This data is used to determine the appropriate payment rates for S90 and S94 pharmacies, and s92 approved medical practitioners.

It is also used to allow the Commonwealth Government and State Health Departments to track the supply of naloxone under the Pilot.

State specific requirements

In SA, two additional fields were collected:

- Whether a voucher was supplied
- Voucher colour.

More information about the process in SA can be found [here](#).

Evaluation Data Collection: 19 December 2019 to 30 June 2021

The THN Pilot is being evaluated by the Institute for Social Science Research, University of Queensland. Prior to 1 July 2021, if the individual receiving naloxone **consented** to their de-identified data being collected and reported for evaluation purposes, the following additional information was recorded (note: this information was only **mandatory for evaluation purposes**, and not for claiming purposes):

- Type of individual (i.e. at risk of experiencing an opioid overdose, or at risk of witnessing one)
- Gender of the individual
- Type of opioid (i.e. prescribed, other source, witness only)
- Whether this was the first time the individual had received naloxone ('initial supply'), or they had received it before ('refill')
- Whether any brief education or advice was provided in relation to naloxone supply.

In addition, the following **optional** information for the evaluation was also reported for consenting individuals, where available:

- The estimated age range and postcode of the individual
- The reason a refill was required (if applicable)
- Other medications/substances used
- Whether any additional resources were provided in relation to naloxone supply.

APPENDIX B DATA COLLECTION FOR THE BULK SUPPLY OF NALOXONE TO AAS

Wholesalers and hospital (s94) pharmacies providing bulk supply of naloxone to AASs must supply to the PPA the following information for payment:

- Name of AAS naloxone supplied to
- Address of AAS naloxone supplied to
- Date of naloxone supply
- Formulations and quantities of naloxone supplied.

Rates of payment vary by organisation type and are summarised at *Section 5, Fees*.

\$31.49	Naloxone Hydrochloride (DBL) (naloxone hydrochloride 400 microgram/mL injection, 5 x 1 mL ampoules)

C.4 Fees for supplies between 1 December 2019 and 31 March 2020

Payments under the program are made according to the PBS remuneration rates at the time the supply occurred, not the date the claim was lodged. Pricing for injectable naloxone preparations changed on 1 April 2020. The rates payable for supplies between 1 December 2019 and 31 March 2020 are provided below.

TAKE HOME NALOXONE PILOT

Please note Junalox was not available until 27 August 2020 and is therefore not included in the tables below.

Table 9-16: Previous Naloxone supply fees: Community (S90) Pharmacies

Individual Supply (ex GST)	Product
\$48.42	Nyxoid (naloxone 1.8 mg/actuation nasal spray, 2x1 actuation)
\$48.42	Prenoxad (naloxone hydrochloride 1 mg/mL injection, 2 mL syringe)
\$53.37	Naloxone Juno (naloxone hydrochloride 400 microgram/mL injection, 5x1 mL ampoules)
\$53.37	Naloxone Hydrochloride (DBL) (naloxone hydrochloride 400 microgram/mL injection, 5 x 1 mL ampoules)

Table 9-17: Previous Naloxone supply fees: Public Hospital (S94) Pharmacies

Individual Supply (ex GST)	Bulk Supply (ex GST)	Product
\$36.94	\$34.36	Nyxoid (naloxone 1.8 mg/actuation nasal spray, 2x1 actuation)
\$36.94	\$34.36	Prenoxad (naloxone hydrochloride 1 mg/mL injection, 2 mL syringe)
\$41.89	\$38.96	Naloxone Juno (naloxone hydrochloride 400 microgram/mL injection, 5x1 mL ampoules)
\$41.89	\$38.96	Naloxone Hydrochloride (DBL) (naloxone hydrochloride 400 microgram/mL injection, 5 x 1 mL ampoules)
