

MEDSCHECK PATIENT INFORMATION AND CONSENT FORM

INFORMATION STATEMENT

This service provides you with the provision of an in-pharmacy one-on-one discussion and medication review provided by a pharmacist. This service is aimed at addressing concerns or questions a person has about their medicines, with a focus on education and self-management.

In order to receive a MedsCheck you need to be a Medicare and/or Department of Veterans' Affairs (DVA) cardholder, who lives at home in a community setting. You must not have had a MedsCheck, Diabetes MedsCheck, Home Medicines Review or Residential Medication Management Review Service in the previous 12 months. Also, you need to be taking five or more prescription medicines, or have had a recent significant medical event, or are taking a medication associated with an increased risk of side effects.

Under this service, your pharmacist will:

- Assess your eligibility to receive the service and obtain informed consent from you
- Ask you to bring all prescriptions and current medicines along to an appointment
- Check the medicines you have brought in against the Pharmacy dispensing records
- Talk to you about your medical conditions and any allergies you may have
- Teach you how to store and take your medicines correctly
- Develop and provide you with a copy of an accurate medicines list and written action plan
- Undertake follow up actions that may include contacting your doctor or other healthcare provider, and providing them with a copy of the medicines list and written action plan
- Upload a record of the Medscheck service to your My Health Record (if you have one)
- Collect personal and sensitive information from you to enable the pharmacy to claim a payment for delivery of this service.

The Australian Government is paying the Pharmacy for the MedsCheck Service. You will not be charged a fee by the Pharmacy for this service. **You will still be required to pay for the medicines that will be checked through this MedsCheck service including the PBS co-payment (if applicable) when medications are dispensed.**

This program is funded by the Australian Government.

WHAT YOU NEED TO KNOW BEFORE YOU GIVE CONSENT

This consent form is to allow the pharmacy to provide your personal information to the Pharmacy Programs Administrator (PPA) and the Department of Health and Aged Care to verify your eligibility to receive the MedsCheck service and to enable the pharmacy to claim a payment for providing this service.

This process is similar to the clinic/GP practice providing your Medicare number to claim for you seeing a Health Worker or General Practitioner (GP). Your personal information is protected by law, including the Privacy Act 1988. The Department is unlikely to disclose your personal information to overseas recipients.

Your/the patient's personal information that will be collected by the pharmacy include:

- Personal details – Name, Address, Medicare number, Date of Birth
- The names of the medicines you/the patient are taking; and
- Details about the patient's authorised representative, if applicable.

If you do not provide your consent to the collection of information for this purpose, your pharmacy will not be able to assess your eligibility for the service and you will not be able to access a funded MedsCheck. In this event, you may be required to pay for the cost of the service to your pharmacy.

The Department has a privacy policy which you can read at: <http://www.health.gov.au/privacy>.
