COVID-19 vaccines in Australia – A3 Poster

The latest version of the **COVID-19 vaccines in Australia – A3 poster** was published on the Department's website on **30 August 2024**.

This poster is a useful resource for sites and will continue to be updated to reflect any changes to vaccines available for administration in the Program.

The next update to the A3 poster will be to remove the expired Moderna (XBB.1.5) 12 years+ PFS and the Pfizer 6 months-4 years (Maroon) (ancestral formulation) vaccines.

This update is anticipated for the end of September 2024.
